

VRK GREENS CONSULTING LLP

Sustainable Landscape Execution & Maintenance Experts

Established in 2019, VRK Greens Consulting LLP is a Hyderabad-based professional landscape and horticulture consultancy specializing in sustainable execution and long-term green maintenance.

We combine design intent, horticultural science, and **Design & Execution** to deliver thriving landscapes that

Our landscape design blends aesthetic elegance with sustainable practices. We create visually harmonious spaces that are functional and eco-friendly. Each project ensures beauty, biodiversity, and long-term value.

Indoor Biophilic

Bringing the essence of nature into your indoor spaces. We create refreshing and calming biophilic designs for homes and offices. Enhance well-being and air quality with our innovative solutions.

Landscape Maintenance

Comprehensive maintenance for residential and commercial landscapes. Services include lawn care, pruning, and seasonal clean-ups. We ensure your landscape remains vibrant and healthy year-round.

Sustainable Landscape Execution & Maintenance Experts

Drainage & Irrigation

Expert irrigation systems to optimize water usage for your plants. Proper drainage solutions prevent waterlogging and ensure soil health. Our systems enhance efficiency while maintaining a lush landscape.

Agriculture & Horticulture Consulting

We provide comprehensive expert guidance on sustainable agricultural practices, including advanced crop planning, detailed soil analysis, and integrated pest management. Our certified horticulturists offer personalized consultation services to optimize your agricultural operations, improve crop yields,

Hardscape / External Beautification

Design and installation of walkways, patios, and outdoor features. Hardscaping enhances the utility and aesthetic appeal of your space. We use durable materials for a long-lasting outdoor transformation.

CRAFTING TIMELESS
